**Construction:**

The Berry Plumbing & Equipment **Burn Eliminator** is constructed entirely of stainless steel for durability and easy cleanup.

**Operation:**

Automatically fed and electrically powered, the Berry **Burn Eliminator** matches the speed of your Overhead Conveyor. Installed after the Feather Picker the **Burn Eliminator** features three Burn Eliminator Scrapers that assist in the removal of ammonia burns.

**Preventative Maintenance:**

With proper operation and regular cleaning, the only other preventative maintenance the **Burn Eliminator** requires is lubrication of bearings and monitoring of the Burn Eliminator Scraper Blades for Replacement.
