

**Berry Bird/Wing Scrubber 1**

**Model B-BS-1**

Berry's Bird / Wing Scrubber, Model B-BS-1 provides an efficient process to remove fecal matter from defeathered birds. Hydraulic motors rotate the nylon brushes in a downward motion, gently scrubbing and removing fecal matter, as the bird travels through the Bird Scrubber Model B-BS-1. In both sides of the Scrubber, a water rail with spray jets rinses away fecal matter and debris while continuously rinsing the brushes.
